

27 February 2026

To whom it may concern,

I am writing on behalf of Veronika Kukhar (born March 14, 2008 in Ukraine). Veronika has been a student at International Sharing School- Taguspark since January 17, 2024. ISS-Taguspark offers the International Baccalaureate Diploma Programme, which includes both internal and external assessment. The language of instruction at ISS is English for all classes, with the exception of language acquisition courses.

Veronika is predicted to achieve a minimum score of 5 out of 7 in all of her language-based diploma subjects. One of these subjects is English Language and Literature, a course designed for native or near-native speakers of English. In addition, as part of the diploma requirements, she has completed a 4,000-word Extended Essay as well as a Theory of Knowledge essay, both of which are externally assessed by the International Baccalaureate Organization. For these essays, her predicted grades are a B and C respectively on an A to E scale. These components of the diploma require a high level of academic English proficiency in reading, writing, and analysis.

Based on her consistent performance across the diploma programme, I am confident that Veronika possesses the English skills necessary to succeed in a program requiring at least a C1+ level of proficiency. I recommend her without reservation for admission to your program
